

The Life of Luke

A Beautiful Testimony of God's Love and Your Impact

When we think about the goodness of God, it's impossible to forget the story of a very special little boy — Luke.

Luke's life began in deep pain. He was born at noon one afternoon, but just a few hours later, his mother left him alone in the hospital. Around 5 p.m., a doctor on duty called with a trembling voice, saying, "There's a newborn baby who has been left behind. Can you please help?"

Without hesitation, we went to bring him home. He was so tiny — just four pounds, two ounces — and so weak that our hearts broke at the sight of him. He had never been breastfed, so we began feeding him milk from a bottle, praying with every sip that his fragile body would survive.

Each day felt like a battle for his little life. But we trusted that the same God who gives life would sustain it. And truly, His grace was more than enough.

From abandoned to adored — God raised him for His glory.

Day by day, we saw miracles.
His tiny frame grew stronger.

His eyes began to sparkle with joy. The baby who was once abandoned became a child deeply loved — not just by us, but by God Himself.

When Luke turned two, something remarkable happened. He began to sing praise songs on his own — sometimes stopping in the middle of play to fold his hands and pray in his sweet little voice. We could see the Spirit of God moving in his young heart.

Now five years old, **Luke is full of energy and love for Jesus.**

He helps lead the children's evening service, guiding younger and older children alike in worship. Watching him sing, pray, and lead others reminds us that God truly raises the forgotten and gives them purpose.

Our prayer is that Luke will grow into a wise, faithful servant of God, used mightily for His kingdom.

We thank the Lord, and we thank *you*. From the moment Luke came to us, Love for Myanmar has provided milk, bottles, diapers, food, and medical care. You have loved him, prayed for him, and supported him in every way.

Because of your love and prayers, a child who was once abandoned now sings songs of praise to God every night.

To God be the glory.

How You Can Be Part of Stories Like Luke's

Your support provides food, shelter, education, and the love of Christ to children who have been abandoned or orphaned.

Every gift helps rewrite a child's story with hope.

Pray for the children and caregivers in Myanmar.

Give to sustain safe homes and nurturing families.
